

INFINIDENT

SOLUTIONS

TP temp

The solution for temporary restorations

BENDING STRENGTH*

> 90 MPa

TP temp

Order Number 001-1804EN

INDICATIONS

Crown and bridge frameworks in the anterior and posterior regions with up to 16 units. For temporary restorations up to 10 months wearing time.

BENEFITS

- + Extremely high hardness and tensile strength values
- + Particularly esthetic and natural colorations possible
- + No residual monomer content

REFERENCES

Further processing with all common veneering materials for PMMA frameworks. Please observe the processing instructions of the respective manufacturer.

COMPOSITION*

PMMA	100.0 %
(Polymethylmethacrylat)	

* typical material characteristics.
The published information of the respective material manufacturer shall apply.
